

# Types of workshops

- In home workshops
- Fundraisers
- Continued education course

## In home workshops

- In home workshop are the most popular workshops we have.
- A host is the person who is inviting you into their home.
- The host will invite his/her friends and family to the workshop to learn how to save money.
- The host can provide drinks or food if they like.
- You can also host your own workshop by inviting your friends and family to your house for a workshop.

## Fundraiser

- A fundraiser is a workshop designed to help an organization raise money.
- Each Educator determines how much money they will donate to the organization. This need to be determined when the workshop is scheduled.
- The organization will provide the location for the workshop.

## Continued education courses

- Continued education courses are usually set up with the city or school district and are offered to the public.
- Workshop can be taught at libraries, schools or community centers.
- Many time the city or school will charge a registration fee that they keep.
